

MYTH vs FACT

COVID-19 Vaccine

MYTH

FALSE

THE COVID-19 VACCINE IS NOT SAFE.

All the COVID-19 vaccines have gone through the same safety tests and meet the same standards as any other vaccines. Studies have found that there have been no life-threatening side effects.

FACT

MYTH

FALSE

IF I GET THE COVID-19 VACCINE, I COULD GET COVID FROM THE VACCINE.

The COVID-19 vaccine cannot make you sick with COVID-19.

FACT

MYTH

FALSE

THE COVID-19 VACCINE DOESN'T PROTECT ME FROM GETTING SICK WITH COVID-19.

The COVID-19 vaccine works by teaching your immune system how to fight the virus that causes COVID-19. This protects you from getting sick with COVID-19.

FACT

MYTH

FALSE

I ALREADY HAD COVID-19 AND I RECOVERED, I DON'T NEED TO GET THE COVID-19 VACCINE.

There is a chance you can get re-infected with COVID-19. Even if you already had a COVID-19 infection. After getting COVID-19, the body does get immune to it, but it is not clear how long that lasts. So, the vaccine is still needed.

FACT

MYTH

FALSE

THERE ARE SEVERE SIDE EFFECTS TO THE COVID-19 VACCINES.

There are very mild side effects that go away quickly. They include headaches, chills, fatigue or muscle pain. These side effects last for a day or two. These side effects show your immune system is responding to the vaccine.

FACT

MYTH

FALSE

I WON'T NEED TO WEAR A MASK OR SOCIALLY DISTANCE AFTER I GET VACCINATED FOR COVID-19.

It may take time for everyone who wants a COVID-19 vaccination to get one. You still need to do all the other things to prevent COVID-19 infection. Keep your mask on. Continue to stay distanced from people. Keep washing your hands.

FACT

MYTH

FALSE

I HAVE ALLERGIES TO EGGS, NUTS AND/OR BEE STINGS SO I SHOULDN'T GET THE COVID-19 VACCINE.

You can get the vaccine even if you have severe allergies. All people wait 15-30 minutes after getting the vaccine to observe for reactions. You can't get the vaccine if you have had a severe allergic reaction to the COVID-19 vaccine or the ingredients of the COVID-19 vaccine. These ingredients include polyethylene glycol or polysorbate.

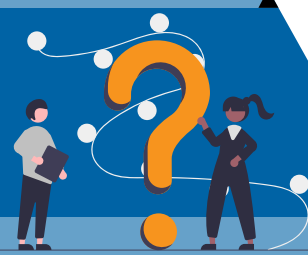

FACT

MYTH

FALSE

THE COVID-19 VACCINE WAS DEVELOPED TO CONTROL THE GENERAL POPULATION THROUGH MICROCHIP TRACKING IN OUR BRAINS.

There is no vaccine microchip. The vaccine will not track people or gather personal information.

FACT
