Welcome!

Manchester Special Olympics is the largest program serving the greater Manchester area. We are comprised of hundreds of amazing athletes, volunteers, coaches, and supporters who help us grow access to sport, fitness, and social opportunities for children and adults with intellectual disabilities. We serve athletes as young as age 2, and they may continue to participate throughout their lives.

ABOUT

Manchester offers a handful of competitive sports opportunities throughout the year, in addition to several non-competitive events, social events, and athlete training sessions, such as Global Messenger Training, and The Derryfield School Day of Inclusion. In 2023, Manchester Special Olympics had four athletes represent the program at SONH's annual leadership week, where they participated in speech planning, writing, and refining their public speaking skills.
